Parents and others will find the most happy effects re

sulting from the use of WING'S FARINA CRACKERS. They are acknowledged to be one of the most healthful articles of food ever produced, and they are now used by numerous 5 milles with great advantage.

One pound of WING'S CRACKERS is estimated to contain much nourishment as two pounds of bread.

Those who use WING'S CRACKERS regularly find them UNEQUALED FOR THEIR INVIGORATING POWER,

not only in adding the action of the stomach, but in restoring Shope forces of the system which have become reduced by disease or mental and physical labor.

Eminent Physicians recommend their use as a valuable food in stokness as well as in health, and especially for children.

THEY ARE EXTENSIVELY USED

In cases where nourishment is required free from all feverish ten-dency, and are found to be pocularly suitable for the young and Many Ladies speak of them in the highest terms as a delicacy

which every family should be supplied with, not only on second of their excellence as a nourishment and

but as an article of every day use, to a greater or less extent, on account of their great value in maintaining a healthful tone of the system, which is indispensable to that natural beauty and obserful tate of mind, so desirable,

WING'S FARINA CRACKERS may be procured of the best family Grocersgenerally, by whom they are extensively sold in different portions of the United States. They may be had at Wholesale only of
